

WE'VE GOT YOU COVERED

INTRODUCTION

In a world where masks and face coverings have gone from relative obscurity to becoming a commonly used and indispensable garment, our catalogue will help you to choose the right covering for your desired application; making sure you get the quality you should expect and for an exceptional price.

We've carefully selected and developed an innovative range of UK made face coverings to suit all users and budgets; from the exclusive 'Cad and The Dandy' masks made of high quality British cloths elegantly stitched and crafted on London's world renowned Savile Row, to low cost promotional face coverings for mass distribution or mailings.

All of our coverings are 100% machine washable and re-usable; helping to ensure that when Covid is no longer a part of our daily lives, nor is the waste associated with single use masks and coverings.

DID YOU KNOW?

- With a reported lifespan of 450 years concerns are rising about the environmental impact of single use facemasks and coverings. French Environmental campaigner Laurent Lombard of Operation Mer Propre recently wrote that with the French authorities having reportedly ordered two billion disposable masks "Knowing that....soon we'll run the risk having of more masks than jellyfish in the Mediterranean".
- A research study published by the Royal Society in June 2020 concluded that "Both of our models show that, under a wide range of plausible parameter conditions, facemask use by the public could significantly reduce the rate of COVID-19 spread, prevent further disease waves and allow less stringent lock-down regimes."
